        Map data after object module synopsis:    23    00:00:04.53      00:00:07.89
        Symbol table output:                       1    00:00:00.02      00:00:00.40
Total run values:                                633    00:00:13.08      00:00:37.81

Using a working set limited to 1500 pages and 121 pages of data storage (excluding image)

Total number object records read (both passes):   1722
        of which 789 were in libraries and 118 were DEBUG data records containing 7737 bytes

Number of modules extracted explicitly          = 2
        with 15 extracted to resolve undefined symbols

45 library searches were for symbols not in the library searched

A total of 0 global symbol table records was written
