The image shows a dense grid of 100 terminal windows, arranged in 10 rows and 10 columns. Each window displays a different system utility or report. The windows are separated by thin grid lines. The text within the windows is small and mostly illegible due to the low resolution of the scan. However, several windows have larger, more prominent text labels:

- Row 4, Column 4: BACKUP
- Row 4, Column 5: STABACKUP MAP
- Row 5, Column 4: BACKUP MAP
- Row 6, Column 1: RMSREPORT LIS
- Row 7, Column 5: PLOT
- Row 8, Column 2: RMSSTATS LIS
- Row 8, Column 5: STABACKUP MAP
- Row 9, Column 8: COMMON REQ
- Row 9, Column 9: BACKDEF SOL

The overall appearance is that of a multi-terminal computer system interface, likely from a VAX/VMS environment, showing various diagnostic and management tools.
