- 1-001 - Original. This file was created to hold BAS\$K_DEF_RECLE,
the default record length when opening a file. JBS 12-DEC-78
- 1-002 - Change the default record length to be 80, for compatability
with the PDP-11 versions of BASIC. JBS 31-JUL-1979
- 1-003 - Based on more experiments with the PDP-11, change the default
record length again, to 132. Changes in the OPEN code provide
compatability with the PDP-11 by using the MARGIN feature.
JBS 24-AUG-1979
- 1-004 - Remove the PRINT statement, for the new BLISS compiler.
