31  FACILITY:  RENAME utility
32
33  ABSTRACT:
34
35      These are the error messages used by the RENAME command
36
37  ENVIRONMENT:
38
39      VAX/VMS operating system, privileged user mode utility,
40      operates at non-AST level.

A grid of 14 columns and 14 rows of terminal window screenshots. Each window displays a different command-line interface or data output. The windows are arranged in a regular grid pattern. Some windows contain text like 'RENAME LIS', 'RUNMSG LIS', 'SETACNTG LIS', and 'SET LIS'. The text is small and dense, typical of a terminal window. The overall appearance is that of a multi-processor system's control console.
