34 0034 1
35 0035 1 ABSTRACT:
36 0036 1
37 0037 1     This routine gets the next I/O request from the ACP queue.
38 0038 1     If no requests are queued, it hibernates.
39 0039 1
40 0040 1 ENVIRONMENT:
41 0041 1
42 0042 1     STARLET operating system, including privileged system services
43 0043 1     and internal exec routines. This routine must be called
44 0044 1     in kernel mode.
