    Map data after object module synopsis:           22   00:00:05.77    00:00:06.93
    Symbol table output:                              1   00:00:00.04    00:00:01.10
Total run values:                                   802   00:00:19.56    00:01:03.30
```

Using a working set limited to 1650 pages and 897 pages of data storage (excluding image)

Total number object records read (both passes):   4849
    of which 2417 were in libraries and 657 were DEBUG data records containing 39855 bytes

Number of modules extracted explicitly   = 2
    with 144 extracted to resolve undefined symbols

107 library searches were for symbols not in the library searched

A total of 0 global symbol table records was written
