This image displays a grid of 144 small terminal window screenshots, arranged in 12 rows and 12 columns. Each window shows a different view of system data or logs. Several windows are clearly labeled with text such as:

- SCRINPUT LIS
- SCRMSC LIS
- SCRRED LIS
- SETPRIV LIS
- SHRMSG LIS
- TPARSE LIS
- SCRIB LIS
- SCRVECTOR LIS
- SSMSG LIS
- SYSCMSG LIS

The text in the other windows is too small and faded to be legible, but they appear to contain various system parameters, error messages, and configuration details.
